

REMARKS

Claims 1 to 21 are pending. Claim 15 has been cancelled without prejudice. Applicants maintain the right to prosecute claim 15 in any related application claiming the benefit of priority of the subject application. Claim 22 has been added. Accordingly, upon entry of this Preliminary Amendment, claims 1 to 14 and 16 to 22 are pending.

Regarding the Claim Amendments

The amendments to the claims were made in order to reduce claim fees associated with multiply dependent claims and to conform the claims with US patent practice. The amendments were also made to ensure proper dependency and markush format, and to insert periods. Thus, the claim amendments were made in order to address informalities and do not add new matter. As such, entry of the claim amendments is respectfully requested.

Regarding the New Claim

New claim 22 is supported throughout the specification. In particular, claim 22 is supported, for example, by claim 14 as originally filed. Accordingly, claim 22 does not add new matter and entry thereof is respectfully requested.
